BTCUSD

Analysis prepared on: 26/04/2020

Symbol: BTCUSD.

Analysis prepared on: 26.04.2020 22:55

The description of the situation on the daily time interval (D1):

Currently on the daily chart we are in the third rising impulse. After piercing the resistance we may expect the continuation of the rising movement till the next „change day” (04.05.2020). Estimated target — the V basic range (marking colour white). Additionally, this range overlaps the — N basic range (marking colour cyan).

The description of the situation on the weekly time interval (W1):

Tool of a high variability. The price didn't react to the placement of the standard line (Kijunsen). The expected correction range to the Senkōspan B line.
